¹Administrative Fees are subject to change pursuant to Section 7.2 of the Master First Party Trust document and 8.2 of the Master Third Party Trust document.

Enrollment Fee

The enrollment fee is a one-time charge for opening a trust account with MSNT. Settlers of a First Party Trust may qualify for a reduced enrollment fee based on income and the size of the trust. A form is enclosed for determination of the enrollment fee if qualified. MSNT will deduct the calculated enrollment fee from the trust account after the initial deposit is made.

Annual Asset Value Fee

Administrative fees are established by the Board of Trustees and support MSNT operations as Trustee. MSNT's banking partner maintains individual accounts for each Life Beneficiary, invests funds, and provides quarterly account statements as well as state and federal tax summaries. Annual Asset Value (AV) fees based on the account balance are calculated and pro-rated as a monthly amount.

Transaction Fee

Transactions include check or True Link ACH.

Sole Trustee Fee

MSNT serves as Sole Trustee when the Settlor designates MSNT at opening, when no Co-Trustee is named in the Trust Agreement, or when all existing and Successor Co-Trustees are unwilling, unable or unavailable to serve.

Closing Fee

An account is terminated at the low balance of \$500, at the request of a Third Party Settlor, or at the death of the Life Beneficiary. For all closings, AV fees will be discontinued on the date MSNT initiates the closing process. Other allowable expenses such as final tax preparation will also be assessed.

Extraordinary Service Fee

Services beyond the scope of usual and customary trust administration activities.

I attest that I have reviewed and accept the administrative fees.
